Emma Martin

Associate Planner

Department of Community Planning, Housing and Development

Dear Ms. Martin,

Crystal House 6 proposal (SPLA23-00039, SP #451) is not acceptable. We STRONGLY agree with the letter from Aurora Highlands Civic Association about this project. We want to especially point out the fact that this should be done via normal planning process. In addition, the pickup/drop off plan has several problems and we are concerned about the implications on current traffic flows. Cars and delivery vans making u-turns in a tight space raises significant issues.

We would oppose this amendment if it comes to the County Board.

Sincerely,

A handwritten signature in black ink that reads "Eric Cassel". The signature is written in a cursive style.

Eric Cassel

President of the CCCA

CC: Arlington Ridge Civic Association
Aurora Highlands Civic Association

Attached to email was a copy of the AHCA letter.
